Have you ever looked at a wealthy person and wondered what makes them so lucky? What do they have that you don't? Were they just in the right place at the right time? Do opportunities just fall in their lap?

The only difference is that these people have mastered a successful mind-set which allows them to take advantage of the opportunities in life. If you want to achieve great wealth, it's important that you focus solely on your goals. However, most people end up suffering over the things they don't have, instead. They spend all their energy thinking about the nice jobs they can't get, piled up bills, basic needs they can't obtain and other daily hardships. Getting sucked into all this negative energy, however, only leads you into a deeper hole of frustrations and worries.

Book 1 - The Power Within: Attracting Money and Wealth

This book will help you get out of a negative, self-deprecating mindset by showing you:

- * What the subconscious mind is and how it works
- * The difference between the conscious mind and the subconscious mind
- * Why affirmations haven't worked for you
- * How to influence your subconscious mind so you are able to attract more wealth
- * How 'Questioning Affirmations' are more successful for achieving a positive mind-set
- * Over 60 examples of questioning affirmations to help you become more wealthy

Book 2 - Entrepreneurs: The Key to Success

This book contains uplifting songs, inspirational movies and motivational quotes to keep you strong when times are tough, motivated to succeed, and above all, make sure you don't give up on your quest to achieve your goal of being an entrepreneur.
