Nurse's Quick Check: Signs and Symptoms Springhouse

Designed for quick reference in the hospital hallway or at the nurses' station, this handbook presents succinct, bulleted, up-to-the-minute information on over 300 common signs and symptoms. It provides a rapid refresher on the key facts a nurse needs to understand: the variations, possible causes, and clinical significance of a sign or symptom.

Signs and symptoms are alphabetically organized and each is presented on an easy-to-scan two-page spread. Numerous illustrations and tables are included. Special logos highlight emergency interventions for life-threatening signs and symptoms and techniques to help pinpoint or further characterize a particular finding.

From reader reviews:

Pauline Mueller:

What do you consider book? It is just for students because they are still students or the item for all people in the world, what best subject for that? Only you can be answered for that query above. Every person has diverse personality and hobby for every other. Don't to be compelled someone or something that they don't wish do that. You must know how great and also important the book Nurse's Quick Check: Signs and Symptoms. All type of book is it possible to see on many resources. You can look for the internet resources or other social media.

Elliott Preciado:

What do you concerning book? It is not important to you? Or just adding material when you want something to explain what the one you have problem? How about your extra time? Or are you busy individual? If you don't have spare time to try and do others business, it is make you feel bored faster. And you have extra time? What did you do? Every individual has many questions above. They need to answer that question because just their can do that will. It said that about publication. Book is familiar on every person. Yes, it is suitable. Because start from on pre-school until university need this particular Nurse's Quick Check: Signs and Symptoms to read.

Shirley Nichols:

Reading a guide can be one of a lot of action that everyone in the world likes. Do you like reading book consequently. There are a lot of reasons why people love it. First reading a reserve will give you a lot of new details. When you read a book you will get new information since book is one of many ways to share the information as well as their idea. Second, reading through a book will make you actually more imaginative. When you reading a book especially fictional book the author will bring you to imagine the story how the characters do it anything. Third, you could share your knowledge to some others. When you read this Nurse's Quick Check: Signs and Symptoms, you may tells your family, friends and also soon about yours reserve. Your knowledge can inspire the mediocre, make them reading a guide.

Jay Klein:

As a student exactly feel bored for you to reading. If their teacher requested them to go to the library or make summary for some reserve, they are complained. Just tiny students that has reading's heart or real their hobby. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading seriously. Any students feel that looking at is not important, boring and also can't see colorful images on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this Nurse's Quick Check: Signs and Symptoms can make you really feel more interested to read.
