A true fairy tale... Persia is sixteen years old and is starting the fourth year of fairy school at the Prince and Princess Fairy Academy within Fairyland. She will catch up with her friends and foes as a fairy of Second Class for more fun times and study classes while growing and expanding her learned fairy powers that flow from inward to outward. Persia has one more year before she graduates from the Fairy Academy as an adult fairy, working for the Fairy Queen for the rest of her life within Fairyland. However, she is still trying to figure out what fairy job she desires to do and qualifies for. Her dearest friend and bestest neighbor Yachel is going to be a fairy farmer like her parents. Her fairy guy Britton is going to be a fairy protector like his parents. Her fairy foe Apella is going to be a fairy collector like her parents. Her parents are fairy watchers that watch something during the day and sometimes during the nighttime. During the school year, Persia will carefully use her neurons and her powers to figure out what type of fairy she will become in the future.
