Wolf Song: Us Against The Wolves Collection

Book 1. Wolf Song: Us Against the Wolves

Adam Harrison was the most popular guy in school. Tall, blonde, and mysterious – all the girls wanted him and all the guys wanted to be him. Enter Noah Sinclair – the school’s resident musician. With a talent for both the guitar and melodic words, he could melt any person’s heart, man or woman. The two were from two different cliques. They were cordial, but they didn’t mix. That was just the unspoken law of high school.

Then one night, the two groups clashed in a battle of egos. Noah’s band wasn’t going to let Adam’s teammates step all over them. The jocks needed to be taught a lesson. Noah went up against Adam. It should have been a sure win, or so Adam thought. It was then Adam and Noah found out one another’s darkest secrets – they were both shifters who could turn to wolves at will.

They had always felt alone with no one to talk about the special gift. Until now.

Book 2. When Wolves Love: Us Against the Wolves

Adam Harrison was the most popular jock in school. All the girls wanted him, and all the guys wanted to be him. But he already had his eyes set on someone else.

Noah Sinclair could play the guitar like a player could any woman. He was the best musician in school, and a hot one at that. It was too bad he was already taken – by none other than Adam Harrison.

Now that Adam and Noah were a couple, high school should have been their playground. They were popular and they were together. They were supposed to feel like they were on top of the world.

But how come they felt anything but? Why couldn’t they help but feel as if they were being judged and sneered? Just because they were two guys in a relationship?

As if high school wasn’t bad enough.

When a stranger comes into town, holding the answers to Adam and Noah’s questions of being a shifter, they find out high school is the least of their problems. The stranger – Sophie – had run away from her own pack, and her Alpha is out to get her, immediately putting Adam and Noah’s lives at risk.

Book 3. The Wolves' Unraveling: Us Against the Wolves

It was supposed to have gotten easier for Adam and Noah – life in general, especially after everything they had gone through. They saved Sophie, the runaway shifter, from her vengeful fiance. They didn't care

anymore what their peers in school thought of their relationship as long as they were happy. They were still at the top of the social totem pole, and best of all, they were in love.

But it seemed like they could never catch a break.

When a bonfire party turns awry, Adam and Noah find themselves in a race against time. There's a shifter on the loose with a new dead body popping up every week. To keep the secret of the existence of shifters and the police away, Adam and Noah must find the killer before it's too late.

Book 4. Fight and Flight of the Wolves: Us Against the Wolves

Adam and Noah were at the top of their high school's social chain. They were two of the most popular guys in school, who shared a secret that made them unstoppable. They were shifters who could take the form of wolves at will.

Training against one another was one thing, but fighting against a threat they'd never encountered was a whole different story. Will Adam and Noah be able to graduate high school unscratched? Or is the threat too powerful to handle this time?

Adam and Noah believe they're stronger, faster, and better together, but will that still hold true?
