Jack has faced and accepted the fact his wife, the woman he considers to be his soul mate and his one and only true love, is a slut. At first she lied to him, and they got married. More than once he caught her cheating, but chose to forgive her.

In time, Katie confessed to Jack that she had an extensive sexual past, plus she's been cheating continuously with numerous partners throughout their marriage. Eventually, he discovered she's been involved in orgies and group sex.

When he confronts her with one final offer of forgiveness, she refuses to stop. Her sexual adventure is more important than her marriage.

Now Jack is forced into making the ultimate decision. Does he end the marriage and throw their years together into the trash, or will he take a different path and actually join Katie in her sex crazed lifestyle?
