## **Fast and Efficient Context-Aware Services (Wiley Series on Communications Networking & Distributed Systems)** Danny Raz, Arto Tapani Juhola, Joan Serrat-Fernandez, Alex Galis

Fast and Efficient Context-Aware Services gives a thorough explanation of the state-of-the-art in Context-Aware-Services (CAS). The authors describe all major terms and components of CAS, defining context and discussing the requirements of context-aware applications and their use in 3rd generation services. The text covers the service creation problem as well as the network technology alternatives to support these services and discusses active and programmable networks in detail. It gives an insight into the practical approach followed in the CONTEXT project, supplying concrete guidelines for building successful context-aware services.

Fast and Efficient Context-Aware Services:

- \* Provides comprehensive and in-depth information on state-of-the-art CAS technology.
- \* Proposes a system architecture for CAS creation and delivery, discussing service management and active network layers.
- \* Describes the service lifecycle functional architecture, covering service authoring, customization, invocation, and assurance.
- \* Explains system design considerations and details, system evaluation criteria, test-bed requirements, and evaluation results.

Fast and Efficient Context-Aware Services is an invaluable resource for telecommunications developers, researchers in academia and industry, advanced students in Computer Science and Electrical Engineering, telecoms operators, as well as telecommunication management and operator personnel.

**From reader reviews:**

**Kelly Watson:**

Do you considered one of people who can't read enjoyable if the sentence chained within the straightway, hold on guys that aren't like that. This Fast and Efficient Context-Aware Services (Wiley Series on Communications Networking & Distributed Systems) book is readable by simply you who hate those perfect word style. You will find the details here are arrange for enjoyable reading through experience without leaving even decrease the knowledge that want to offer to you. The writer associated with Fast and Efficient Context-Aware Services (Wiley Series on Communications Networking & Distributed Systems) content conveys the idea easily to understand by a lot of people. The printed and e-book are not different in the written content but it just different in the form of it. So , do you even now thinking Fast and Efficient Context-Aware Services (Wiley Series on Communications Networking & Distributed Systems) is not loveable to be your top checklist reading book?

**Jewel Williams:**

The book Fast and Efficient Context-Aware Services (Wiley Series on Communications Networking & Distributed Systems) will bring one to the new experience of reading a book. The author style to explain the idea is very unique. In case you try to find new book to read, this book very appropriate to you. The book Fast and Efficient Context-Aware Services (Wiley Series on Communications Networking & Distributed Systems) is much recommended to you to learn. You can also get the e-book from official web site, so you can more readily to read the book.

**Gregory Rivera:**

This Fast and Efficient Context-Aware Services (Wiley Series on Communications Networking & Distributed Systems) is great e-book for you because the content that is full of information for you who else always deal with world and also have to make decision every minute. This book reveal it data accurately using great coordinate word or we can claim no rambling sentences included. So if you are read this hurriedly you can have whole facts in it. Doesn't mean it only gives you straight forward sentences but hard core information with lovely delivering sentences. Having Fast and Efficient Context-Aware Services (Wiley Series on Communications Networking & Distributed Systems) in your hand like obtaining the world in your arm, info in it is not ridiculous a single. We can say that no reserve that offer you world with ten or fifteen small right but this reserve already do that. So , it is good reading book. Heya Mr. and Mrs. busy do you still doubt this?

**Deborah Fishman:**

As a pupil exactly feel bored to reading. If their teacher questioned them to go to the library or make summary for some book, they are complained. Just tiny students that has reading's heart and soul or real their

pastime. They just do what the educator want, like asked to go to the library. They go to there but nothing reading really. Any students feel that studying is not important, boring and also can't see colorful pictures on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this Fast and Efficient Context-Aware Services (Wiley Series on Communications Networking & Distributed Systems) can make you sense more interested to read.
