The Neglected Child: How to Recognize, Respond, and Prevent Ginger Welch PhD, Heather Johnson MEd, Laura Wilhelm EdD

This educational resource provides the identifiers that every adult needs to know in order to intervene in neglectful situations, while also teaching them how to create a safe, nurturing, and protective environment for young children. From defining the different types and levels of severity of neglect to establishing suspicion and reporting neglectful situations, this book is filled with helpful information from expert psychologists and educators in the field today. Each chapter includes a brief quiz to assess chapter learning and a Notes from the Field section that represent real-life stories the authors have encountered in their work. There are appendices which include reproducible handouts, sample statements for parent handbooks, self-assessments for teachers, and important contact information to use when reporting neglect.

Therese Webb:

As a university student exactly feel bored in order to reading. If their teacher requested them to go to the library or to make summary for some publication, they are complained. Just little students that has reading's spirit or real their passion. They just do what the educator want, like asked to the library. They go to there but nothing reading really. Any students feel that reading through is not important, boring and also can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this *The Neglected Child: How to Recognize, Respond, and Prevent* can make you truly feel more interested to read.
