The Separation Christopher Priest

The Separation is the story of twin brothers, rowers in the 1936 Olympics (where they met Hess, Hitler's deputy). One joins the RAF, and captains a Wellington; he is shot down after a bombing raid on Hamburg and becomes Churchill's aide-de-camp. His twin brother, a pacifist, works with the Red Cross, rescuing bombing victims in London. But this is not a straightforward story of the Second World War: This is an alternate history. The two brothers—both called J.L. Sawyer—live their lives in alternate versions of reality.

In one, the Second World War ends as we imagine it did; in the other, thanks to efforts of an eminent team of negotiators headed by Hess, the war ends in 1941. *The Separation* is an emotionally riveting story of how the small man can make a difference; it's a savage critique of Winston Churchill, the man credited as the saviour of Britain and the Western World; and it's a story of how one perceives and shapes the past.
