Fundamentals is an intensive systematic phonics program that is designed to improve comprehension, spelling and penmanship. It is suitable for normal first graders and older students with poor reading skills. Parents can use it to teach young children the skill of reading before they enter school.

The FUNdamentals program was condensed from the highly successful classroom program called ACTION READING. It was developed by Dr. George Cureton almost 30 years ago. The Home Program is explicitly taught by Jeanie Eller, M.A., who has taught for 36 years to thousands of children and adults.
