El paro permitido: Una alternativa para salir de la crisis (Spanish Edition) Francisco Parra Luna
Este libro, que cuenta con la colaboración de Micael Frenck, trata de demostrar, con un lenguaje asequible y en capítulos cortos y precisos, que es perfectamente posible reducir el paro en España a su mitad, que en el fondo sólo es conseguir el promedio europeo y la puerta imprescindible que hay que abrir para salir de la crisis. El autor propone para alcanzar este objetivo la aplicación de un nuevo modelo refrendado por un grupo de expertos internacionales y que a través de estas páginas describe para hacerlo comprensible al ciudadano de a pie. Dada la gravedad de la situación en España, la pregunta es: ¿por qué causas no se adopta definitivamente este tipo de modelo? En este libro el lector encontrará la respuesta, y sabrá lo que está sucediendo realmente en España.
