Logistics of Facility Location and Allocation (Industrial Engineering: A Series of Reference Books and Textboo)

Dileep R. Sule

Logistics of Facility Location and Allocation (Industrial Engineering: A Series of Reference Books and Textboo) Dileep R. Sule

An introduction to pragmatic methods for solving complex problems in facilities location: choosing from among known feasible sites or a broad range described as an area, placing facilities, and assigning customers. It emphasizes careful location and customer allocation to determine optimum use of time and cost - improving flow of materials and services and reducing the need for duplication or construction redundancies.
