DNA of the Gods: Origins of a Genus Christopher Bertram

DNA of the Gods is an Anthropologist examination of human intelligence. Archeology indicates a deep antiquity to human intelligence. What are the OoPArts (Out of place artifacts.)? Find the discovery of the speech gene locus, and the deep roots never mixing with the apes in the human genome. There are applications to Psychology from the brain to the Psychoanalysis of Dorothy Gale. Read the implications in speech modeling for computers. What is the science and technology of The Matrix? Where did the human gene for speech come from and could it be extraterrestrial? Do genes come from the stars? Read the first mention of the Gray Alien in literature.
