Prealgebra, Books a la Carte Edition (6th Edition) Elayn Martin-Gay

This edition features the exact same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books à la Carte also offer a great value—this format costs 35% less than a new textbook.

Elayn Martin-Gay firmly believes that every student can succeed, and her developmental math textbooks and video resources are motivated by this belief. **Prealgebra, Sixth Edition** was written to help readers effectively make the transition from arithmetic to algebra. The new edition offers new resources like the **Student Organizer** (available separately) and now includes **Student Resources** in the back of the book to help students on their quest for success.
