Social Problems: A Critical Approach

Kenneth J. Neubeck, Mary Alice Neubeck

Social Problems: A Critical Approach Kenneth J. Neubeck, Mary Alice Neubeck

A critical approach to the analysis of social problems facing the world today that examines both the causes of those problems and their human implications. Twelve chapters look at large societal issues such as Environmental Abuse and Economic Inequality and Poverty. The final five chapters focus on problems of an individual nature such as family-related problems and criminal behavior. The Fourth Edition has been substantively revised to include current issues such as the rise of temporary employees, the growing concentration of wealth, immigration in an increasingly diverse United States, an entirely new chapter on Heterosexism, the failures of the U.S. health care system, suicide among the young and old, and more.
