The Definition of Normal: A Tender Transgender Love Story E S Carpenter

A tender love story of two best friends who grow up living next door to each other since they were five. One matures to become the outward definition of normal, and one struggles but falls short. Together they start a journey of discovery and uncover a meaning far greater than the socially popular interpretation, and through their mutual caring, both come to understand the deeper conflicts facing those who fall short of accepted norms. This is the story of their life together as they try to fit a definition that eludes more than our society acknowledges. How their friendship turns into a love that ends up defining their lives. A story about what unconditional love and acceptance truly mean as they spend the rest of their lives trying together to fit the definition of normal.

Adult version. Contains scenes of intimacy
