Thor Thordarson, Armann Hoskuldsson

Iceland (Classic Geology in Europe) Thor Thordarson, Armann Hoskuldsson

Iceland is the only part of the North Atlantic Large Igneous Province that is still active and the only place on Earth where the construction of such provinces may be observed directly. A concise and authoritative field guide to an exceptional natural laboratory, this volume is an essential companion for those visiting Iceland to observe the Earth in action. (Series: Classic Geology in Europe)
