## **Bitter Business** Ann Cobb

The B and B Investigative Service has another big case! Murder has come calling again and this time right at home. Bee, the driving force behind the detective team, has to push and prod Bess every step of the way as they unravel another deadly plot. Always right on target and always an optimist, Bee has to continually encourage Bess to stay involved. "It's so convenient when the murderer comes to you, and you don't even have to leave home to investigate." Of course Bess responds, "Somehow that just doesn't make me feel any better to know the murderer is so nearby." Prodding Bess to cooperate will only be the first of the many challenges facing Bee Martin as the investigative team falls right back into the world of violence and murder. As usual Bee and Bess will tickle your funny bone with their antics. Life on the farm in the 1940s with Bee and Bess was a happier and simpler time, but never boring. The detective team entertains you once again with their wit, charm, and deductive thinking.
