Music can teach when words fail. Combining words and music creates beautiful opportunities for children to learn things they will always remember. When music and gospel lessons are combined, young minds are enlightened and better able to understand gospel messages. However, this can often be a challenge that requires early preparation and more communication and cooperation among teachers.

Like the first volume, Sharing through Song Volume Two helps accomplish this by combining music time and lesson time through twenty-four easy-to-prepare lessons. Each lesson includes a list of materials, necessary preparations, teaching suggestions, and songs to help children learn the gospel principles outlined in the 2006 Primary theme, I Will Trust in Heavenly Father and His Son, Jesus Christ—Their Promises Are Sure.

Make teaching children more effective and fun with Sharing through Song Volume Two!
