An Epoch of Tumult

Dracula stalks the night, Kupala rages beneath the cursed land of Transylvania and Paris burns in revolution. The characters princes, rebels and everything in between find themselves amid the flames and besieged by friend and foe alike. Can they survive the terrors of both the supernatural world and the kine? Or will they become so much ash on the wind?

The Long Night Is Over

Transylvania Chronicles III: Ill Omens continues the chronicle begun in Dark Tides Rising. The players' characters, elders of the Camarilla, Sabbat or independent clans face opposition from all sides Dracula, rival sects and even the citizens of the burgeoning French Revolution. The signs of Gehenna continue to appear. Only the stalwart can stand against them, and only the most vile hurry them along.
