If you liked the intimacy of Fifty Shades of Grey by E L James but found it far-fetched, abnormal, and demeaning to women, then try this instead.

An everyday love story between two co-workers, a married man with children, and a single younger woman. Told via the first person voices of the two participants.

A modern morality tale with detailed description of their intimacy and love making. The author traces a relationship against the backdrop of conventional morality in the 1990s and its constraints.

Through the clever construction of alternating paragraphs for the voices of the two lead actors, (the female being Lucinda Simcoe or Lucy, and the male being Antonin del Grappa or Toni), in three novellas the author builds a believable and imaginable crescendo of pre-coital activity (Part 1); peaking in the merged voices, paragraphs, physically intertwining bodies, and simultaneous climaxes of love making (Part 2); and a gradual post-coital separation and reduction of voices returning us slowly, in a controlled diminuendo, to a surprising and angst real-world ending, and back to our own lives (Part 3). The Trilogy Edition combines all 3 novellas into one novel for a continuous read.

A great read for a wide adult audience of all ages.

Delicate, sensitive, sensual, beautiful, and graceful erotic writing at its best, yet with moral undertones. Writing that places women on a pedestal, and intimacy on a consensual basis. A book to be read by both sexes, about the beauty and pleasure of tender loving sex.

Written in 1997 and unpublished until now, it has been awaiting surreptitious e-reading, the 'Y Generation', and 'Millennials' with their ubiquitous smartphones, tablets, and e-readers. Its time has now come.

Read it before your friends do, and tell them about it. They will enjoy it too.
