September 11, 2001, did not represent the first aerial assault against the American mainland. The first came on July 17, 1996, with the downing of TWA Flight 800. This book looks in detail at what people saw and heard on this fateful night.

*First Strike* explains how a determined corps of ordinary citizens worked to reveal the compromise and corruption that tainted the federal investigation. With an impressive array of facts, Jack Cashill and James Sanders show the relationship between events in July 1996 and September 2001 and proclaim how and why the American government has attempted to cover up the truth.
