## **Phantom Driver** Walter David Herbert

There is a loud explosion on America South West flight 412. "Doctor, I believe our fate is in your hands!" shouts the flight attendant as she grabs a portable oxygen bottle and mask and gives it to Dave. Dave rushes inside the cockpit where he finds gaping holes where the windshield once was. Both pilot and co-pilot, along with everything that was not tied down, had been sucked out of the cockpit. Dave takes charge of the plane and manages a successful landing. All the while, he is reminded of his war days when he had flown on dangerous missions, thirty years ago . . . Dr. Walter David Hart was a former phantom pilot who had flown the F-4s in combat in Vietnam. On board flight 412 Dave could feel the suction towards the cockpit as the plane depressurized.
