Fantasy and Science Fiction The Fireside Collection: A Collection of Short Stories Ivan Bridgewater
Since the beginning of man's history on Earth, there has been a group of people known as story tellers. In the modern world, we tend to call them writers. Music, poetry, books, are all forms of storytelling. Among all the forms of storytelling I love, my favorite has always been a fantasy story. Long ago mankind sat around a campfire and told stories. Among the best, even then, was the ones that conjured fear and wonder in the human mind. I present to you now, a few stories I hope will entertain you. Some may make you laugh. Some may make you cry. As you read them, always remember that the best thing about most fantasy stories, is that they are not real. Just keep telling yourself, "It's just a story!" In the event you feel eyes watching you, or hear odd noises in the house, it is probably just your imagination. But if it turns out it's not your imagination. Write it down. Those kinds of events make the best stories. Within this book are some of my favorite fantasy and science fiction stories, I hope you'll enjoy them. Just keep reminding yourself, "It's only a story!"
