Haiku Matrix Vol. 1

Have you ever felt that there was more to life and nature than science and TV has to offer? Things that we could learn if we could look deeper than face value. Find hidden meanings in ordinary events and objects. These are the things “The Haiku Matrix” tries to uncover. Even though haiku have a set formula it requires a mystical and philosophical approach to looking into synchronicity, relationships, patterns, and purposes of all things. This is a large print book designed so each poem would have its own page and attention. Each haiku is like a zip file. It holds a lot of thought that can be decoded into a grand picture or a whole story in itself. A riddle to be solved.

This is the 1st book in a 4 volume set. It contains 41 pages. Haiku Matrix : Vol. 1-4: The Circumference of All Things is a near 200 page collection of Haiku I have written over the years. The complete set is available on paperback with a free kindle Edition if purchased on Amazon. My gift as a thank you. \$4.49 value!
