Traveling the Cambodian Genocide Noah Lederman

Traveling the Cambodian Genocide is a collection of poignant travel essays and striking photographs from travel writer Noah Lederman. Lederman takes readers to the unexplored sites that the Khmer Rouge had once used to commit acts of genocide in the 1970s. But these essays go beyond revealing a sense place; they are moving profiles of survivors and the younger generation of Cambodians, who, decades later, are still impacted by the atrocities. While these essays deftly portray a people's search for justice, answers, normalcy, and opportunity in a country still rife with corruption and covered with land mines, the author reveals heartfelt moments of beautiful innocence and relentless optimism, allowing readers to laugh and believe in the nation's hopeful future. One third of all profits from this book are being donated to a charity that helps Cambodian children and families.
