It is no argument that Abraham Lincoln is one of the most well versed presidents in the history of The United States of America. This book marks a historical turning point in America, and is a wonderful reminder of the 150th anniversary of the Emancipation Proclamation issued by Lincoln. The letters in this book are more than historical text, but rather powerful words written by a man that reminds us of the power of man to do right for the good of others. I've taken the time to read some of the letters and they are nothing short of inspiring. The letters also mention the Sioux uprisings and their struggle for human rights. It is in my opinion that these letters from Lincoln should be read by all, not only to remind us of the struggles of many people in the early history of the U.S., but to remind us of the power one person can have in achieving equality for others.
