Science Up to Standards is loaded with activities based on the guidelines defined by the National Science Education Standards. The format follows closely those standards which encourage teachers to provide students with activities requiring both partial and full inquiries. In partial inquiry activities, students are given some instructions on how to approach the problem-solving issue. In full inquiry activities, students design their own strategies for finding answers. This great resource provides activities in seven content areas: Science as Inquiry, Physical Science, Life Science, Earth and Space Science, Science and Technology, Science in Personal and Social Perspectives, and History and Nature of Science.
