The Secret Language of Waking Dreams Mike Avery

Wake up to the true significance of each moment!

A woman breaks open her Chinese fortune cookie and reads the slip of paper. "Don't fall back on old habits," it says. She looks at the unlit cigarette in her hand - her first in months - and puts it away. While driving, a young man thinks of recent struggles which helped him overcome barriers to happiness in his personal life. Suddenly five sheep jump the fence bordering the highway and dart to a patch of lush green grass in the center divider. Meanwhile, the lecture tape on his car stereo underlines what he sees: "The grass is greener on the other side."

Within this book are fascinating examples from real people who learned to listen to their own inner language - the secret language of waking dreams. Through humble sources they found insights into burdensome problems, prophecies, and even warnings.
