Oracle9iR2 Data Warehousing Lilian Hobbs, Susan Hillson MS in CIS Boston University, Shilpa Lawande
Oracle9iR2 Data Warehousing is a guide to using the Data Warehouse features in the latest versions of Oracle -- Oracle 9i Release 1 and Release 2. Written by people on the Oracle development team that designed and implemented the code, this updated and expanded edition provides an insider's view of how the Oracle 9i Release 2 software is best used for your application.

It provides a detailed look at a wide range of topics including:

- New techniques to facilitate the ETL process to transform data and load the warehouse
- How to use the Oracle OLAP and Data Mining options
- An entire chapter devoted to using materialized views to radically improve warehouse performance.

This book will show you how to use the Oracle database with tools such as Oracle Discoverer to query the warehouse, generate reports that can be deployed over the web, and gain better insight into your business.

This how-to guide provides step-by-step instructions including screen captures to make it easier to design, build, and optimize performance of the data warehouse or data mart. It is a 'must have' reference for database developers, administrators, and IT professionals who want to get to work now with all of the newest features in Oracle 9i Release 2.

- Based on 9i plus the improvements in Release 2
- Presents concepts with working examples
- Describes best practices and critical implementation tradeoffs, based on users' actual implementations

From reader reviews:

Joan Rogers:

What do you concentrate on book? It is just for students because they are still students or the item for all people in the world, what the best subject for that? Just you can be answered for that query above. Every person has several personality and hobby per other. Don't to be pressured someone or something that they don't need do that. You must know how great along with important the book Oracle9iR2 Data Warehousing. All type of book would you see on many sources. You can look for the internet methods or other social media.

Rose Rowe:

Exactly why? Because this Oracle9iR2 Data Warehousing is an unordinary book that the inside of the reserve waiting for you to snap that but latter it will distress you with the secret the item inside. Reading this book adjacent to it was fantastic author who else write the book in such incredible way makes the content on the inside easier to understand, entertaining means but still convey the meaning fully. So , it is good for you because of not hesitating having this ever again or you going to regret it. This phenomenal book will give you a lot of gains than the other book have got such as help improving your skill and your critical thinking method. So , still want to postpone having that book? If I had been you I will go to the e-book store hurriedly.

Yasmin Parker:

Playing with family in a very park, coming to see the coastal world or hanging out with good friends is thing that usually you may have done when you have spare time, in that case why you don't try matter that really opposite from that. Just one activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of information. Even you love Oracle9iR2 Data Warehousing, you could enjoy both. It is fine combination right, you still would like to miss it? What kind of hang type is it? Oh can occur its mind hangout folks. What? Still don't get it, oh come on its named reading friends.

Kathryn Botello:

You will get this Oracle9iR2 Data Warehousing by look at the bookstore or Mall. Only viewing or reviewing it may to be your solve challenge if you get difficulties for ones knowledge. Kinds of this guide are various. Not only simply by written or printed and also can you enjoy this book simply by e-book. In the modern era such as now, you just looking by your local mobile phone and searching what your problem. Right now, choose your own ways to get more information about your reserve. It is most important to arrange yourself to make your knowledge are still revise. Let's try to choose proper ways for you.
