Valiant (New Species) Laurann ` Dohner

Tammy has always tried to be prepared for any calamity life might send her way, but a sexy, lion man-beast is way outside the norm. He's huge, has the most exotic, golden cat-eyes she's ever seen—and she's so terrified of him, she's speechless for the first time in her life. He's stalking closer, growling at her, and she's too unnerved to even flee. Valiant has always hated humans. But when he gets a whiff of the adorable human female who has invaded his territory, he's forced to reexamine his feelings on the matter. Her fear scents of pure, sweet temptation and the closer he gets, the more appealing she becomes. Once he's got his hands on her, he isn't about to let go. One thought will change his life. MINE! Before Tammy can regain her senses, she's flat on her back in Valiant's bed. Now he just has to use every inch of his big, buff body to convince her to stay with him forever.
