## **Guerrilla Warfare** Ernesto Che Guevara

Written immediately after the Cuban Revolution and first published in 1961, *Guerrilla Warfare* soon became a how-to manual for legions of guerrilla fighters around the world—from Latin America to Africa and Asia. In this revolutionary primer, Che focuses on the general principles of guerrilla warfare, the guerrilla "band," the organization of the guerrilla front, and strategies for preserving and defending power once it has been won. The book covers broad topics—guerrilla strategy and tactics; propaganda, training, and indoctrination; and the role of women—and more specific issues like medical problems, supplies, and "sabotage." Che's epilogue, written a year after "the culmination of the long armed civil struggle by the Cuban people," includes his analysis of the Cuban situation at the time and predictions for the country's future. Both historical document and impassioned treatise, *Guerrilla Warfare* was intended as a guide to realizing change when political opposition and legal civil struggle against totalitarianism are inadequate. In that sense, it provides a timeless window into revolutionary thinking today.

### From reader reviews:

#### Larry Davis:

Nowadays reading books be a little more than want or need but also work as a life style. This reading habit give you lot of advantages. The huge benefits you got of course the knowledge the actual information inside the book in which improve your knowledge and information. The info you get based on what kind of publication you read, if you want get more knowledge just go with schooling books but if you want really feel happy read one with theme for entertaining for example comic or novel. The Guerrilla Warfare is kind of guide which is giving the reader erratic experience.

#### Carl Speed:

The reason? Because this Guerrilla Warfare is an unordinary book that the inside of the e-book waiting for you to snap that but latter it will distress you with the secret that inside. Reading this book close to it was fantastic author who have write the book in such incredible way makes the content on the inside easier to understand, entertaining technique but still convey the meaning fully. So , it is good for you because of not hesitating having this any longer or you going to regret it. This book will give you a lot of advantages than the other book possess such as help improving your skill and your critical thinking approach. So , still want to delay having that book? If I ended up you I will go to the e-book store hurriedly.

#### David Whetstone:

In this period of time globalization it is important to someone to obtain information. The information will make professionals understand the condition of the world.
