The Perfidies Correction Matthew Brooks

Democracy is a Lie: Who can you really trust? Kate Mitchell is on the run. She had only stayed late at the office to catch up on some filing, when she unwittingly found proof of a series of events that if known, would bring down the government... And now she knows they know it. Against his better judgement, suspended detective Martin Bexleigh is tasked by Kate's friend to find her and help her. Events quickly start spiralling out of control and Bexleigh finds himself frantically competing against an unknown enemy: to protect Kate, he must find her and keep her alive long enough to make the contents of her discovery public. In a thrilling and shocking manhunt, Kate and Martin find themselves caught up in a trail of intrigue, confusion, treachery, death and destruction: from the shadowy halls of Whitehall, through the southeast of England and across Europe. In a race to see who can get to Kate and control the spread of the evidence first, there is no second place.
