Unlike conventional grammars, this guide to Spanish usage, for students with basic knowledge, focuses on areas of vocabulary and grammar causing the most difficulty to English speakers. The new edition has been extensively revised and updated to emphasize Latin-American (particularly Mexican) usage. Significantly expanded vocabulary sections now include examples which contextualize each word or expression. Finally, some completely new material has been added on semi-technical vocabulary and Anglicisms. First Edition Hb (1992) 0-521-42123-3 First Edition Pb (1992) 0-521-26987-3
