## **California Mexican-Spanish Cookbook** Haffner-Ginger, Bertha

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

#### **Jesica Simon:**

As a student exactly feel bored to help reading. If their teacher requested them to go to the library or make summary for some publication, they are complained. Just tiny students that has reading's soul or real their interest. They just do what the trainer want, like asked to go to the library. They go to at this time there but nothing reading very seriously. Any students feel that reading is not important, boring and also can't see colorful images on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this era, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this California Mexican-Spanish Cookbook can make you really feel more interested to read.
