A brand-new colour atlas of North Yorkshire, giving the only comprehensive, detailed coverage of the region. No other atlas shows every street in North Yorkshire. The mapping is sourced from the Ordnance Survey and gives the user complete coverage of all urban and rural areas. The mapping is at a standard scale of 3 inches to 1 mile with less densely populated areas as 7 inches to 1 mile (2 inches and 5 inches to 1 mile in the pocket edition) and is complete with postcode boundaries. The atlas is ideally suited for both business and leisure use. There is a route-planning map at the front of the atlas. The main maps show every named road, street and lane clearly with through-routes highlighted. School locations are marked and emergency services, hospitals, police stations, car parks and rail and bus station locations are all featured. There is a comprehensive index of street names and postcodes including schools, industrial estates, hospitals, sports centres, etc. These are highlighted in red in the hardback and spiral atlases.
