TorBane was created to save the world. Cybernetic technology designed to fuse with human DNA gave it the ability to heal anything. Instead, it left ninety-eight percent of Earth's population more machine than man.

Eve is a soldier without a past. Her only goal is to keep her family, the colony of Eden, alive and away from the Bane: those infected by TorBane. She hunts, she watches, and she fights when needed.

Avian and West will wake her up. One a soldier, one a keeper of secrets—they will both test Eve's sanity and awaken emotions she never knew she could feel. And she will make a choice that will change the future of mankind.

Those few humans left will fight. Against the evolving Bane, against those among themselves that may be human, but may not have a conscience or soul. And they'll stand together until the very end.

The Eden Trilogy is The Terminator meets The Walking Dead with a heart-twisting romance and an explosive finish you'll never see coming. This omnibus edition includes THE BANE, THE HUMAN, THE EVE, THE RAID: an Eden short story, and THE ASHES: an Eden prequel.
