The post-apocalyptic series readers are describing as "one of the best post-apocalypse stories I've ever read."

Once infected, the virus shuts down organs, kills nerve impulses and even reprograms the way we think. The virus becomes us.

But the process takes eight hours.

If the only remaining member of your family was infected, what would you do?

Chris Smith has eight hours to get his infected daughter Maisie to the rumored cure or lose her forever. The only things in his way: a marauding army of killer zombies, a self-declared warrior goddess and a secret buried deep in his past.

What zombie books fans are saying:

"Are zombies real? You'll believe they are after reading this!"

"I feel like I survived a zombie apocalypse!"

"You'll finish thinking you caught the zombie virus!"

From the writer who brought you the *Blood Memory* series and *The Swiss Family RobinZOM* comes this powerful first part in a new zombie trilogy.

Z-MINUS. Let the countdown begin.
